Re: Brooktrails Second Access Road / Completion of Willits Bypass EIS/EIR Process

Gentlemen:

The District has received and reviewed the final EIS/EIR for the Willits Bypass Project. At its December 12, 2006 Board meeting, the Board of Directors found that the EIS/EIR is adequate in identifying a project description that allows Brooktrails Township, the County of Mendocino, and Mendocino Council of Governments to advance the second access road project to full environmental and engineering studies, leading to its own EIR, with the County of Mendocino acting as lead agency.

The Board directed that this letter be sent conveying this finding, and the directors have authorized me to actively help in coordinating full funding for the second access road. Please contact me for any assistance I can provide.

Yours truly,

Mike Chapman  
General Manager
